From the National Commodore

I am pleased to present the 2020 – 2026 U. S. Coast Guard Auxiliary Strategic Plan to the 23,500 plus member volunteer force and to the U. S. Coast Guard as a whole. The Auxiliary has consistently proven its resourcefulness, organizational resiliency and demonstrable capacity to handle significant challenges. It has considerably diversified its support to Coast Guard missions, units, and personnel and has greatly helped the Coast Guard address mounting strategic concerns such as marine safety and security, environmental protection, and cyber security across the maritime transportation system. Going forward the Auxiliary will increase its focus on supporting the Prevention Mission of the Coast Guard and work to foster a Safety Culture across the organization.

The U. S. Coast Guard’s respect and appreciation for our Auxiliary shipmates is buttressed by the U. S. Coast Guard Auxiliary Policy Statement. It provides the foundation of recognition and support for the tremendous service, sacrifice, and commitment that Auxiliarists readily provide the Coast Guard every day. The significance and value of Auxiliary support to recreational boating safety, awareness, waterways and coastal security, and many other Coast Guard missions have never been greater and remain essential to our Nation’s maritime homeland security.

This Strategic Plan charts the courses for Auxiliary administration and program management. It outlines the duties, responsibilities, and expectations of Auxiliarists as they deliver vital services and assist the Coast Guard in shaping, preparing, and applying its mission capabilities to the 21st century mission challenges. I continue to wish you all the best as you carry out your duties and responsibilities in support of the Coast Guard and the Nation. Your unparalleled support and dedicated mission focus are profoundly appreciated. Semper Paratus!

Now in its 81st year of operations, the U.S. Coast Guard Auxiliary, the 23,500-strong uniformed volunteer component of the U.S. Coast Guard, embraces its mission and vision to have its people be the best-trained, most valued maritime volunteer organization in the world. The Auxiliary will continue to execute its responsibilities effectively and efficiently in support of operational goals and missions, during both normal operations and surge demands. It will continue to attract, develop, and retain a diverse and inclusive force, providing relevant and rewarding opportunities to its members.

Answering the call to duty in performance of its missions, the Auxiliary incorporates the guiding principles of the Commandant’s Direction: Ready, Relevant, Responsive.

This strategic plan identifies the key challenges and opportunities the Auxiliary faces, as well as the objectives established to meet those challenges and take advantage of those opportunities presented.

To be **Ready**, the Auxiliary will streamline background checks and leverage technology and administration, allowing members to focus on missions and training. The Auxiliary will develop tools for Flotillas to use that enhance recruiting and retention at the deck plate level to meet Coast Guard needs, and it will define national programs that support members, units, and the Coast Guard. The Auxiliary will refine leadership training and nurture its culture via servant leaders. To ensure fiscal responsibility and compliance, standardized processes will be developed and implemented Auxiliary-wide. The Auxiliary’s information system of record will be modernized to provide a flexible and accurate record of units, members, facilities, and activities.

To be **Relevant**, the Auxiliary will stress outreach. It will enhance prevention efforts in water safety, particularly for paddlecraft and education to the recreational boating public—in concurrence with the Strategic Plan of the National Recreational Boating Safety Program. To provide excellence in mission support to the Coast Guard, the Auxiliary will align its Interpreter Corps capabilities with Coast Guard requirements. To provide the Auxiliary and Coast Guard with young, talented, educated, diverse and well-trained leaders, the Auxiliary will expand the Auxiliary University Program.

To be **Responsive**, the Auxiliary will strengthen its relevance to local Coast Guard units and will establish new mission capacity in support of multiple Coast Guard initiatives, including incident management and cyber capabilities. By doing this, the Auxiliary will continue to provide a capable, well-trained, and mission ready workforce.

As the Auxiliary operationalizes this Strategic Plan, it will remain steadfast and committed to the watchwords “Ready,” “Resourceful,” and “Resilient.”
THE COMMANDANT OF THE UNITED STATES COAST GUARD

AUXILIARY
POLICY STATEMENT

The Coast Guard Auxiliary is the uniformed volunteer component of our Service. Guided by our Core Values of Honor, Respect and Devotion to Duty, Auxiliary contributions are paramount to excellence in mission execution and in facing our Nation’s current and future challenges. The Coast Guard Auxiliary is an indispensable part of the Coast Guard Team.

Established by Congress on June 23, 1939 as the “ Volunteer Reserve”, the Auxiliary conducted many of the Coast Guard’s domestic missions while the Active Duty and Reserve components were forward deployed during World War II. The Auxiliary has continued its great service to our Nation ever since.

The spirit of volunteerism and patriotism that called the first Auxiliarist to duty continues today in the more than 24,000 professional men and women who faithfully execute assigned Auxiliary missions across our Nation, its territories, and in foreign countries where U.S. engagement is enhanced by Auxiliary services. Upon enrollment, Auxiliarists pledge to support the Coast Guard Auxiliary and to faithfully execute assigned duties, and to abide by the governing policies established by the Commandant. Auxiliarists are a crucial force multiplier for sustained Coast Guard mission excellence.

Auxiliarists enthusiastically provide experience, talent, and facilities for a wide range of activities including: Maritime Safety Outreach, Search and Rescue, Safety and Security Patrols, Disaster Response, Pollution Response and Recruiting. These activities enable the Coast Guard to successfully execute all of its missions, and they do it as volunteers!

The Auxiliary missions are:

- To promote and improve Recreational Boating Safety;
- To provide a diverse array of specialized skills, trained crews, and capable facilities to augment the Coast Guard and enhance safety and security of our ports, waterways and coastal regions;
- To support Coast Guard operational, administrative, and logistical requirements.

I charge all Commanders, Commanding Officers and Officers in Charge to continually strive to include the Auxiliary in both mission execution and mission support so that we can maximize sustained excellence across all mission areas.

KARL L. SCHULTZ /s/
Admiral, U.S. Coast Guard
Mission and Vision

Mission

• To promote and improve recreational boating safety;
• To provide a diverse array of specialized skills, trained crews, and capable facilities to augment the Coast Guard and enhance safety and security of our ports, waterways, and coastal regions; and,
• To support Coast Guard operational, administrative, and logistical requirements.

Vision

“The U.S. Coast Guard Auxiliary – the best trained, most valued maritime volunteer organization in the world – highly effective during normal operations and ready for emergencies.”

Auxiliary History and Overview

Established by Congress in 1939 under title 14, chapter 23 of the U.S. Code, the U.S. Coast Guard Auxiliary is Semper Paratus (Always Ready).

When the Coast Guard “Reserve” was authorized by act of Congress on June 23, 1939, the Coast Guard was given a legislative mandate to use civilians to promote safety on and over the high seas and our Nation’s navigable waters.

Two years later on February 19, 1941, Congress amended the 1939 act with the passage of the Auxiliary and Reserve Act of 1941. This Act designated the Reserve as a military branch of the active service while the civilian section, formerly referred to as the Coast Guard Reserve, became the Auxiliary under title 14, chapter 23 of the USC.

When we entered World War II, 50,000 Auxiliary members joined the war effort as military teams. Many of their private vessels were placed into service in an effort to protect the United States.

Today, Auxiliarists are authorized to perform operational, recreational boating safety, member service, information technology, and other missions and programs authorized by the Commandant.

The Auxiliary has a presence in all 50 states, the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa, and Guam.
Under the direct authority of the U.S. Department of Homeland Security, through and by the direction of the Commandant of the U.S. Coast Guard, the Auxiliary’s operating levels are broken down into four organizational levels: National, District, Division, and Flotilla.

- **National** – Comprised of the National Board and the National Executive Committee, the National-level organization of the Auxiliary is responsible for the administration and development of the governing policies established by the Commandant of the Coast Guard. Day-to-day, it manages the missions, programs, and policies.

- **District** - The District provides administrative and supervisory support to Divisions and promotes District and National policy.

- **Division** - Flotillas in the same general geographic area are grouped into Divisions. The Division provides administrative, training, and supervisory support to Flotillas and promotes District and National policy.

- **Flotilla** - The Flotilla is the basic organizational unit of the Auxiliary. It is comprised of at least 10 qualified members, who perform the day-to-day activities of the unit. Members and facilities are based in Flotillas; every Auxiliary member belongs to a Flotilla.
Core Values

**Honor** – Integrity is our standard. We demonstrate uncompromising ethical conduct and moral behavior in all of our personal and organizational actions. We are loyal and accountable to the public trust.

**Respect** – We value our diverse membership. We treat each other and those we serve with fairness, dignity, respect, and compassion. We encourage individual opportunity and growth. We encourage creativity through empowerment. We work as a team.

**Devotion to Duty** – We are volunteers who seek responsibility, accept accountability, and are committed to the successful achievement of our organizational goals. We exist to serve. We serve with pride.

WATCHWORDS

**Ready**
The Auxiliary stands always ready to answer the Coast Guard’s call to service. We train to the same standards as Active Duty in all areas from on the water operations to Security fundamentals, Civil Rights Awareness and Workforce Resilience so that the Coast Guard knows we have the knowledge and capabilities required to respond to Active Duty requests be it surge, backfill or normal operations.

**Resourceful**
The Auxiliary is able to find and use different ways to achieve its goals in service to the Coast Guard. It is not only resourceful it is “Resource Full.” Auxiliary members have a lifetime of experience in nearly every profession and walk of life and are able to employ those skills and talents to respond to calls to duty.

**Resilient**
Resilience is the evidence of Devotion to Duty. We are Auxiliarists because we choose to volunteer to serve the Coast Guard, our Country and our Community and we will not let any obstacle prevent us from serving. Regardless of the challenge the Auxiliary will persevere and move forward. Circumstances might knock us down, but we will not be knocked out. We will get up, dust ourselves off, and come back stronger than ever.
